★★★★★ 8/2/2016

I traded in my Ferrari convertible and purchased a brand new fully loaded AMG equipped 2016 Mercedes Benz S550 4matic through Luxsport MotorGroup. I dealt with Ms. Tamatha Carbone who was new to the dealership at the time. Tamatha assured me that she would go above and beyond to ensure that my buying experience would be second to none and although I was skeptical at first (given some negative posts about the dealership which I had read on forums) Tamatha over-delivered on her promise, exceeding even my highest of expectations.

She located an impeccable very well optioned MB S550 4matic which surpassed all of my criteria and worked tirelessly with me on the numbers to accommodate the budget I had allocated for the acquisition of the vehicle. She even personally went to the DMV and registered the vehicle for me and thereafter had the vehicle professionally detailed for us as well to be certain that we'd be blown away with the car on the day of pick-up.

All in all, as a physician and avid connoisseur of high end luxury vehicles, I am extremely pleased with the unparalleled level of professionalism and service offered to me by Ms. Tamatha Carbone of Luxsport Motorgroup and under her new leadership, this dealership has earned my life-long business.

Thank you once again to Tamatha and Lance for their due diligence, dedication and commitment to guaranteeing my satisfaction! A job incredibly well done!
